

A18 The wind turbine blades fell off

Overview

RWE found that one of the blades at the 57MW Brechfa Forest West wind farm in South Wales had detached from a turbine with a total reach of 475 feet. On February 25, 2026, the company opted to close down the wind farm to conduct an extensive investigation into the matter.

[Gustard A18 , Headphone Reviews and Discussion](#)

The A18 doesnt seem to be discussed all that much on head-fi or elsewhere for that matter, with all the bells and whistles it has at this price point that's a bit strange? Im looking to get

Gustard A18 DAC

The A18 delivers the vigorous vocals, crunchy electric guitars and grand strings with a fervent eagerness that really highlights the epic nature of the track and sweeps you along with it.

[Gustard A18 , Page 5 , Headphone Reviews and Discussion](#)

Thus, running the A18 at 0.0dB (i.e. maximum volume to avoid volume changes in the AK4499 affecting the sound quality) should produce the best sound, right? That's what I'm currently

[Gustard A18 DAC , Headphone Reviews and Discussion](#)

Gustard A18 fully balanced DAC with AK4499EQ and linear power supply.

Aviva confirmed that its on-site security team

detected the fault shortly before 1am. The company said an "engineering fault" appeared to be to

[Why did Vineyard Wind's turbine blade fail?](#)

On Saturday, July 13, a newly installed turbine at the Vineyard Wind farm started undergoing routine testing before it could send power to the grid. It

[64 Audio A18s , Headphone Reviews and Discussion](#)

The biggest mistake that 64 have made where the A18s is concerned is calling it the A18 Stage. I get that it would be awesome for stage use, but it is a huge understatement, and for a long

A 475-foot wind turbine suddenly lost one of its blades without any

A 475-foot wind turbine in Wales recently lost one of its massive blades. With no storms reported in the area, an investigation is underway to get answers.

[64 Audio A18 Tzar , Headphone Reviews and Discussion](#)

The A18/Fourte' nail this scaling with an intimate 3D view into the music that allows you to feel the textures all around you. None of the band members sound like miniatures or as if they are

[Yulong A18 , Headphone Reviews and Discussion](#)

The A18 is good enough to where it ranks up there with my best amps. There's really only one amp with which it begs to be compared: the Violectric V200. The Violectric is a solid state

Blades fall off 250ft wind turbine

The blades of a controversial wind turbine standing more than 250ft tall have broken off and crashed to the ground after being in use for less than a

[Gustard A18 , Page 4 , Headphone Reviews and Discussion](#)

But the A18 is just incredibly musical to my ears (which admittedly aren't what they used to be) and it has a way of effortlessly making everything sound great -- or at least as great as it can

[Fallen wind turbine blade impacts traffic on interstate](#)

The wind turbine blade fell off the truck, blocking traffic on Interstate 70 around 5 a.m. on Monday, according to Fox 5 DC. Traffic cameras showed the

Wind turbine blades fall off in the backyard of insurance giant

All three blades have fallen off a single wind turbine located on the grounds of British insurance company Aviva in Perth, Scotland.

64 Audio (1964 Ears) A18 Tzar

The A18 Tzar is 64 Audio's BA flagship driver supplanting the former A12. Only the Tia Forte exceeds it in price but Forte is not a traditional BA IEM. The A18 features apex module

[REVIEW: Yulong Sabre A18 Reference headphone amp](#)

The A18 is good enough to where it ranks up there with my best amps. There's really only one amp with which it begs to be compared: the Vioelectric V200. The Vioelectric is a solid state
