[Low battery charge error , Volvo V40 Forums](#)

Hello everyone, I just bought my first car, a 2014 Volvo V40 T3, and a warning appears on the dashboard that says 'low battery charge.' The car is recently

Main Battery Change

Going to change the service battery in my 15 V40cc D2. Anything I need to be ware of or look out for ??

Battery-Electric Cars , DriveClean

Get an in-depth overview of the benefits of battery-electric cars, the monetary rebates and the additional incentives available. Find out how the technology

"Low Battery Charge" HELP

Have the battery checked at dealers - and just using a multimeter on the battery won't show duff cells in the battery. A new battery-cured mine - any decent auto-electric garage could do it.

Household Battery Recycling

Household battery recycling locations Lead-acid batteries, or "automotive type batteries," are banned from disposal. Consumers may bring lead-acid batteries to any Wisconsin retailer that sells these

Low battery charge message

The low battery charge message relates to the main battery. On vehicles with stop/start systems and intelligent alternators, the vehicle battery is designed to operate at around 80% SOC, to

Multiple Warning Lights/Error Messages/Battery deterioration

TBH I would look at a replacement battery on the back of that info - but can't you get one from where you bought it? I don't know what a compliance centre is but does the vehicle come with

Main Battery Replacement

Since that battery also supplies power to the ECU memory when the car is switched off, as well as powering the stop/start system, don't ignore it. Like the main battery, Volvo recommend

Battery electric vehicle

Hybrid electric vehicles whose batteries can be charged externally are called plug-in hybrid electric vehicles (PHEV) and run as BEVs during their charge-depleting

Secondary Battery

My main battery just died, had it replaced with same, and car kept giving me Battery charging, so no stop start. When stop/start worked, it was for about 10 sec, and car would start, with

Battery issues

I've had both batteries replaced (with the correct models), done a 100 mile trip, overnight smart battery charge, charging voltage is fine, system messages cleared but I am still getting "low

Battery Electric Vehicles

Battery electric vehicles (BEVs) are what comes to mind for most when thinking about EVs. They are completely powered by their battery, which is recharged by
