The design, construction, operation and fire protection of waste to energy power plants should meet the requirements of NFPA 850: Recommended Practice for fire Protection for Electrical Generating

Fire Protection for Lithium-ion Battery Energy Storage Systems

In addition to controlling the automated extinguishing system, the fire protection system triggers all other necessary battery management system control functions.

Southern California wildfire prompts evacuation orders , AP News

Crews are battling a smoky and fast-growing wildfire in windy Southern California that has forced some residents to evacuate and a community college to temporarily close its doors.

Wildfire News: Breaking News on Wildfire Starts, Spreads, Evacuation

Breaking news and live updates on wildfires.

2026 California fire map

A map of wildfires currently burning in California. Fire origins mark the fire fighter's best guess of where the fire started. The data is provided by CalFire and the Geospatial Multi-Agency.

Incidents , CAL FIRE

Explore options for new building materials or affordable retrofitting options that enhance your home's defense against wildfires in California. Incident data is provided in raw, computer readable formats.

BATTERY STORAGE FIRE SAFETY ROADMAP

This roadmap provides necessary information to support owners, operators, and developers of energy storage in proactively designing, building, operating, and maintaining these systems to minimize fire.

Watch Duty

Watch Duty maps requires JavaScript to run this app.

Fire Live Map

View the latest fires from the last 48 hours on an interactive map, displaying the brightness and the event time. The information is provided by the NASA FIRMS - Active Fire Data.
