## How is the price of photovoltaic panel installation

---

### What on Earth does "cheap at half the price" mean?

(in Phrasefinder Bulletin Board): 'Cheap at half the price' is understood to mean 'reasonably priced' and if people understand that meaning why worry about logical niceties? It was never intended to be

### **Why do we use the term "hike" to describe an increase in price, value**

1904 Topeka Capital 10 June 4 City Center kept the price of ice cream sodas at five cents until the State Sunday School convention struck town, and then the scale was hiked to ten cents. We

### **What is the reason or proper usage of "price" and "pricing"?**

The wikipedia article on pricing covers several of the factors involved in pricing strategies and setting. Alternately, "pricing" can be a verb meaning to apply or determine a price", as in "I'm using the label

### Where did "the price of tea in china" come from?

The price of tea in China, at that time, indeed affected a great deal of economic activity, and was thus relevant to quite a few topics (even though the relevance may not have been

### **Word for when people store scarce resources to increase demand**

Like storing gasoline to create an artificial demand and sell it a higher price later.

### **"cheaper price" or "lower price" / "cheaper rate" or "lower rate"**

Somehow it really grates me when people say that something is at a "cheaper/more expensive price" or "cheaper/more expensive rate". My understanding is that prices and rates can be lower or higher,

### **meaning**

Price point means a point on a scale of possible prices at which something might be marketed; its meaning is different from the meaning of price, which is (principally, but not only) the

### **"Pricey" vs. "Pricy"**

Etymonline confirms: "1932, from price + -y ". Pricey has always been more popular than pricy. Pricey is getting even more popular, while pricy fades in comparison. So the bottom line is: both spellings are

### **[Solar Panel Cost Guide for San Jose, CA \(2025\)](#)**

There are a number of criteria that can play into your solar panel installation cost, such as the size of your system, the equipment you choose, your financing options and the specific company

## "price on" and "price for"

'A price on' connotes 'a price set/levied on' (probably not the actual words) and is more seller-orientated. 'The price for' is nuanced less towards the involvement of the seller, and more
