

Self-operated sales of energy storage batteries

Overview

This battery storage update includes summary data and visualizations on the capacity of large-scale battery storage systems by region and ownership type, battery storage co-located systems, applications served by battery storage, battery storage.

Self-operated sales of energy storage batteries

How can I get Python Requests to trust a self-signed SSL certificate

0 In my case, I was using a self-signed certificate generated by mkcert. While curl works fine with such self-signed certificates, the Python Requests module does not.

What is the purpose of the 'self' parameter? Why is it needed?

For a language-agnostic consideration of the design decision, see What is the advantage of having this/self pointer mandatory explicit?. To close debugging questions where OP omitted a self

Self-reference for cell, column and row in worksheet functions

In a worksheet function in Excel, how do you self-reference the cell, column or row you're in?
