

Victoria puts energy storage batteries into operation

Overview

The Victorian Big Battery (VBB) modernises the state's electricity grid and boosts the reliability of power supply. It can store enough energy to power more than one million Victorian homes for.

Victoria puts energy storage batteries into operation

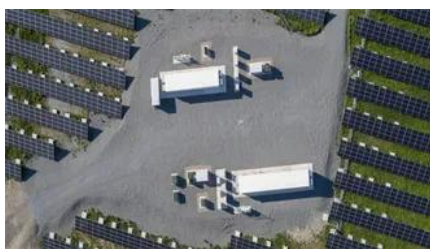

Victorian Big Battery

The Victorian Big Battery is a grid-connected battery energy storage system (BESS) facility adjacent to the Moorabool Terminal Station (substation) near Geelong in Victoria, Australia and is owned by HMC Capital. The battery provides 450 MWh of storage and can discharge at 300 MW. It surpasses the 250 MWh Gateway Energy Storage in California, United States. When it was commissioned in December 2021, the project was the largest lithium-ion battery in the Southern Hemisphere.
