### Types of solar panels: monocrystalline, polycrystalline, and thin-film

Three Types of Solar Panels  
Solar Panel Type by Performance  
Solar Panel Type by Cost  
Solar Panel Type by Appearance  
What Is The Best Type of Solar Panel For Your Home?  
Factors to Consider Besides Solar Panel Type  
Monocrystalline solar panels are the best solar panel type for residential solar installations. Although you will be paying a slightly higher price, you'll get a system with a subtle appearance without having to sacrifice performance or durability. Plus, the high efficiency and power output ratings you get

with monocrystalline panels can provide you. See more on solarreviews geothermhvac

## Monocrystalline vs Polycrystalline: Which Solar Panel is

Monocrystalline vs Polycrystalline: which solar panel is better? We review the pros and cons of each so you can make an informed decision. Read more.

## Monocrystalline vs Polycrystalline vs Thin-Film Solar Panels

For any portable, off-grid, or space-constrained application, monocrystalline is the better buy. Polycrystalline still makes sense for large, budget ground-mount arrays where space is
