### Why is it 'three score years and ten'

### Word for three times a year. Is "tri-quarterly" a real word?

Or possibly three times a quarter, which is monthly. You can't redefine a quarter as a third, though. Three times a year is triannual - not triennial which is every three years. You could

### almost half the time and not

3 Why is it 'three score years and ten' almost half the time and not always 'three score and ten years'? Note: I edited the question body and title in light of comments and answers pointing me to
