

Windspire vertical axis wind turbine

Overview

Our vertical axis wind turbines come in many sizes and shapes from our 750 watt wind turbine up to our 5kW wind turbine.

Windspire vertical axis wind turbine

[Meet 'Windspire' - Infinite energy at home with this](#)

Windspire is a vertical-axis wind turbine; therefore, it captures wind from all angles, be it in turbulent, low-to-medium-speed winds. Very different

[Vertical-axis wind turbine spins into business](#)

Mariah Power's Windspire looks to make wind power more accessible with a \$5,000 turbine that can work in suburbs, cities, and the country.

1kW Wind Turbine by Windspire

Wind turbines can be configured to match any site or wind condition. With our blade design and configuration, we can supply you with the proper wind turbine for

Windspire Vertical Axis Wind Turbines, 750W, 2kW, 3kW, 5kW Systems

Windspire Wind Turbines Our vertical axis wind turbines come in many sizes and shapes from our 750 watt wind turbine up to our 5kW wind turbine. Affordable, attractive, and Ultra Quiet, creating clean

Metal Part Forming Services

Our broad range of metal part forming and bending capabilities can satisfy your unique metal fabrication requirement with unsurpassed speed and precision. We can bend and form almost any type of metal

Machined Parts Fabrication Services

Machined Part Fabrication Examples Ark Alloy's production processes and approaches to custom part machining have significantly increased flexibility, lowered costs and improved accuracy in parts

Meet 'Windspire' - This vertical wind turbine beats solar panels with

Windspire is a vertical wind turbine that quietly outperforms solar panels-compact, efficient, and ideal for clean energy in urban spaces.

Laser Part Fabrication Services

Our precision laser fabrication systems deliver the highest possible laser cutting performance on a wide variety of metal materials. We can accurately and quickly laser cut almost any manufacturing design

Metal Fabrication Services

Metal fabrication services company that provides manufactured parts utilizing a variety of metals. Our fabrication capabilities and state of the art automated machinery allows us to provide a metal

Mariah Windspire - WIND WORKS

Mariah and its Windspire will go down in history as another novelty Vertical Axis Wind Turbine that was doomed from the start. Tall and slender, it was, if nothing

5kW Wind Turbine by Windspire

5kW Vertical Axis Wind Turbine Light weight, high powered, and encased in a rugged housing for long life. An advanced wind turbine generator that took years to develop and test. All of our wind turbines

1kW Wind Turbine by Windspire

1kw Vertical Axis Wind Turbine Product evolution is at our core, and we are continuously working to develop the next generation of wind energy. Your Wind Turbine Includes everything you need, is built

Windspire Energy

Windspire Energy is a manufacturer and distributor/installer of renewable energy products such as the vertical axis wind turbine (VAWT). Windspire has been

3kW Wind Turbine by Windspire

Light weight, high powered, and encased in a rugged housing for long life. All of our wind turbines can be installed on-grid or off-grid. For an on-grid connection we use Inverters specifically matched to our

3kW Wind Turbine by Windspire

3kW Vertical Axis Wind Turbine An advanced wind turbine generator that took years to develop and test. Light weight, high powered, and encased in a rugged housing for long life. All of our wind turbines
